

BeerBase

Create your own beer database with your android phone!

Experience the whole world of the beer tasting!

Take a picture of your beer and rate it!

Have you experienced frustrating moments in bar when your expensive imported beer bottle is taken by the waitress and you can't remember the name or the brewery of the beer? Now there's answer to your problem! It's BeerBase! It handles all the necessary information of the beer and stores it to your android phone. It's easy to use interface allows you to add&remove beers and amplifies the experience with the picture option. What's more efficient way to recognize drank beer than viewing the picture. With BeerBase you'll find the best rated beers faster than you can believe. Now available for Android phones.
